CHALLENGES/RISKS:

Out of scope

When we collaborate with others I need to ensure that we're all on the same wavelength. Dave and I went to support Peter Potaka to share the MEO message with leaders and members of the Black Power at one of their meetings in Rotorua. This is only my perspective but if I was part of the planning, I would have adjusted the language and approach (especially the word choice). Also, I realised that we neglected to look at opportunities to engage with our own gangs here in Waikato – have started talking about that with Kawa.
